Assembly

Kit includes: top rail, bottom rail, stabilising foot, telescopic poles, wrap and carry bag/tube

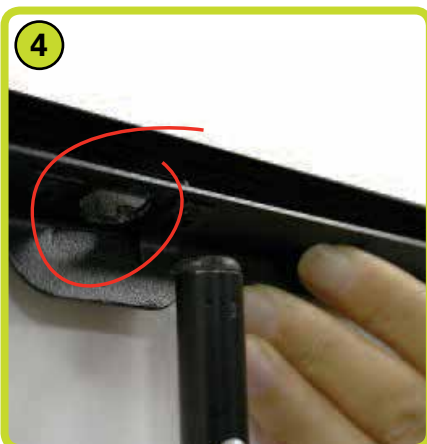

Take the stabilising foot and slide into the bottom rail in the direction of the green arrow until it is centrally positioned and locked into place.

Slot the bottom of the telescopic pole into the foot.

Lengthen the pole by pulling out to the desired height and then twist the thumb screw to secure pole into place

Carefully unroll the graphic and secure into position by locating the top rail hole with the telescopic pole.

Repeat Step 3 if necessary to tension the graphic image.
