The **CounterQuick** can be assembled in minutes using these quick and easy steps

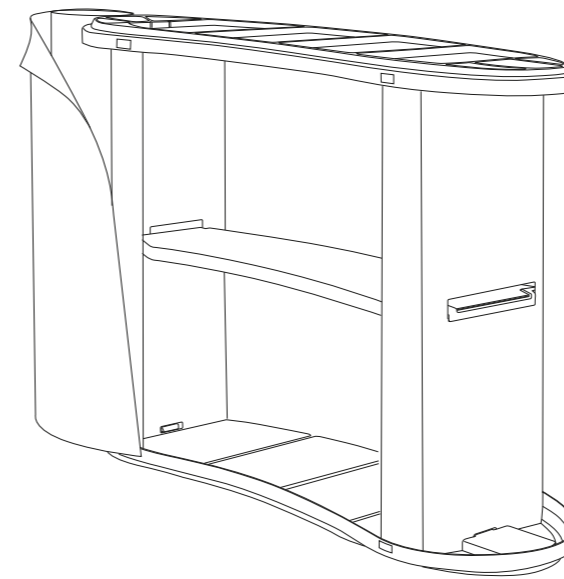

#1

Place the base plate on the floor and unfold the support board.

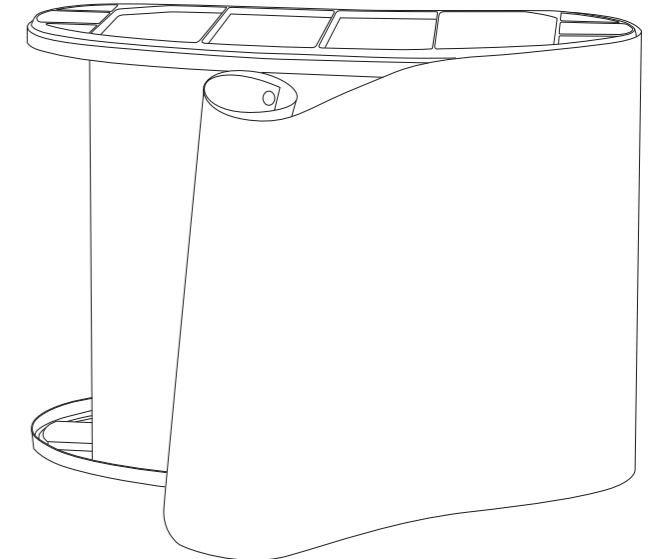

#2

Insert the support board into the base plate locating the footings through holes in the board.

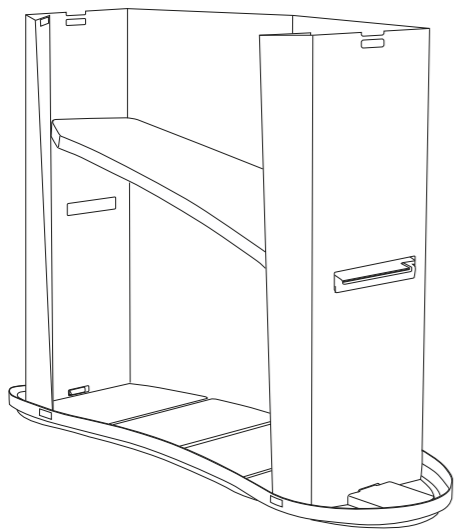

#5

Take the wrap roll and attach to the top and base plate using the velcro fasteners.

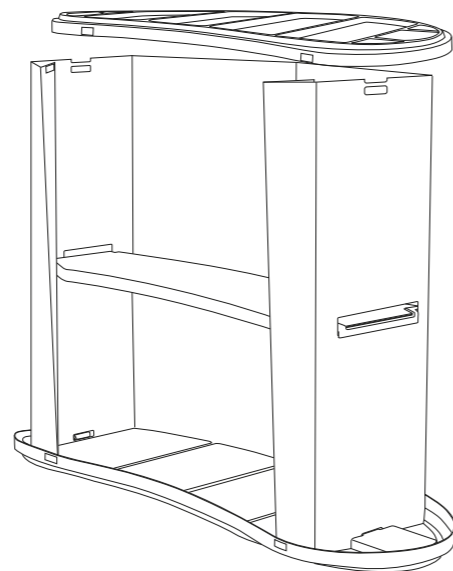

#6

Unroll the wrap around the outside of the frame round the front working your way around to the back on the other side.

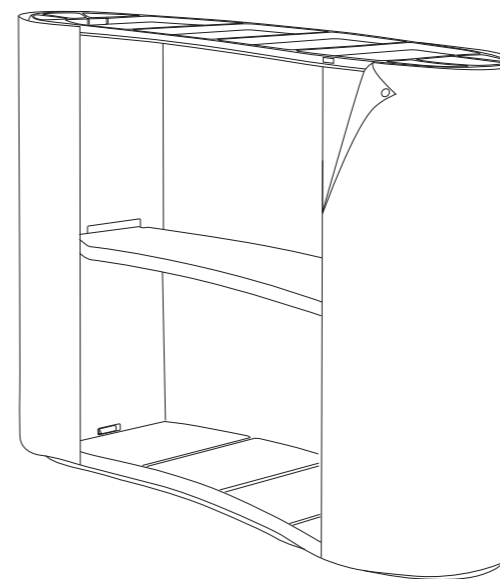

#3

Hook one end of the shelf through the centre slot in support board then lower the shelf down and through the slot in the other side.

#4

Attach the top plate through the holes in the support board in the same way as the bottom.

#7

When the wrap is fully unrolled attach the wrap to the velcro fasteners

#8

Finally, place the counter top on the the top plate of the **CounterQuick** making use of the storage in the back keeping everything neat and tidy.

Quick and easy to assemble...
