Hardware Specifications
Assembled dimensions:
1000 (h) x 1000 (w) x 500mm (d)

Weight
Hardware weight:
17kg
Load bearing weight:
50kg approx

Assembly Instructions

Kit includes: Outer wrap (A), inner wrap (B), top (C) and base (D)

Place the base (D) on the floor with the raised shape face up, and wrap the inner wrap (B) on the inside of the shape.

Take the outer wrap (A) and begin to wrap around the remaining section of the raised shape

Ensure that the fit is secure against the hook fastener strip. Leave the front open to add the top.

Slot the top in between the two wraps.

You may need to loosen the wraps from the base to fit onto the top and then secure on to base again.

Once the 'C' shape on the underside of the top is wedged securely between the two wraps, carry on wrapping around the base.

Ensure that the
