# Assembly Instructions

**Caution: Ensure hands are clear of the folding mechanism when assembling/disassembling**

1 Lift up and rotate the tower clockwise.

2 Continue to lift and rotate.

3 As the tower assembles ensure each post becomes vertical.

4 Continue to lift and rotate until the tower is assembled.

5 Fit each panel into the tower using the magtape strips in front of any clear panels.

Position your finished display and plug in to electricity supply to illuminate. **Please be cautious and secure any loose cables.**
