"We selected Parkes Display and Expo to build the stand for us at the Sales Innovation Expo and I've got to say that the work that they've done is amazing. Together with the stand and our bold t-shirts, I think we have captured the whole crowd. We have had visitors all day today and yesterday, so I can truly recommend Parkes Display and Expo for building the stand and we are going to go to them again next year, so definitely recommend it."

FlexiCurve | fully flexible portable display system

Elevate your stand to a professional level with this affordable fully flexible system, take your exhibition presence to another level.

Stunning looks, infinite flexibility, extremely user-friendly with durable metal construction.

Flex each graphic in any horizontal direction to create the stand shape you need!

The links produce a strong, stable framework whatever shape you create. All graphics are the same width so you can interchange, add or remove sections to achieve the look and size you need.

- ✔ **Highly Adaptable** create a straight, curved or circular wall using as many panels as you need
- ✔ **Tool-free Build** set up is fast and simple
- ✔ **Strong Construction** for incorporating doors, product shelves, counters and screens
- ✔ **Easy to Transport** ideal for self-build
- ✔ **Robust metal engineered framework** for durability and longevity of your investment
- ✔ **Interchangeable and replaceable graphics** for all modules giving a great ROI

The ultimate flexible display system that's durable, variable in shape and layout with multiple shelf, counter, door and display options. It is tool free, easy to build and transport.

STEP 1

STEP 2

STEP 3

STEP 4

FlexiCurve assembly in 4 easy steps

1. Place the foot plates on the floor, open the clamp on a vertical support, align and lock in place
2. Locate the flexible beam into slot and push down into place
3. Slot together panel frames to form the graphics support structure
4. The graphic panels locate into slots for easy alignment and are held magnetically

Counters, shelves & product display units are available as pre-configured standard modules

"Just an email to let you know we were very pleased with our stand and it was so much more professional and striking than what we have had in the past, compliments from competitors too!"

The stand can be reconfigured using the same modules and the existing artwork to create 4 x 6m layout.

Dufeu IT Solutions Ltd 3m x 4m
At NEC Birmingham

Exhibiting Made Smarter

Great company to work with! Daniel contacted me as we were exhibiting at the FIT Show, NEC Birmingham and he left me with a great first time impression, Brian then came out to do a demonstration of their FlexiCurve and it really fit in well with our vision for our first exhibition stand. Sarah was then in touch and handled a lot of the communication and changes with the design team which was very helpful. The communication and prompt response was excellent and the overall look of the stand was very impressive. Thank you for all of your help!

Exhibiting Made Smarter

"We selected Parkes Display and Expo to build the stand for us at the Sales Innovation Expo and I've got to say that the work that they've done is amazing. Everybody who is walking around the stand is looking at it. The graphics are excellent, we have a coffee machine here, we have good lighting and I think we really stand out from the crowd. Together with the stand and our bold t-shirts, I think we have captured the whole crowd. We have had visitors all day today and yesterday, so I can truly recommend Parkes Display and Expo for building the stand and we are going to go to them again next year, so definitely recommend it."

Millbarn Packaging & Tinware Direct 6m x 3m

Why Tinware Direct?
Tinware Direct delivers high quality tinplate and aluminium box packaging developed around your brand and brand values.

- A full comprehensive service taking your product from concept to delivery
- Create any shape, size or design
- Team of flexibility specialists on hand to help and advise you

“We have used Tinware Direct for many years now as we have complete confidence in their ability to provide a quality product. Whether we are working together to create a new bespoke tin, or buying one from stock, we can be assured the service levels will be excellent and the price competitively priced. Without doubt a company I would recommend as a source for tins.”
RICHARD MCKAY
DEAN'S OF HUNTLY LTD

- There are many reasons to choose tin for your products and brand including:
- Consumers instantly believe that a product in a tin is superior giving your product an instant luxurious feel
- Tin packaging is safe, clean, tamper and non-toxic meaning it's the perfect packaging material for everything from food to cosmetics
- Tin can be made in both simple and complex shapes and sizes whilst still keeping its integrity and strength
- Well designed tins reduce transport making it more sustainable than most packaging alternatives

Perfect product?
We've got a tin for that!

“I wanted to add how impressed we were with the professionalism of your team and the care showed when constructing our stand. The stand looked great. Thank you for all your help!” - Daniel, Millbarn Packaging

“It is a delight working with Parkes as they assist throughout the exhibition process with ease. They have been extremely informative from the outset of creating our stand, through to continuing to provide support for each exhibition we attend. Without a doubt, we have no hesitation recommending Parkes to any company looking for a polite and professional service! The warehouse team have mentioned that the exhibition stuff arrived with us last week, so thanks for arranging that to come back”. - Kelly, Tinware

FlexiLight

The **FlexiLight** is visually impacting bendable display system... Its lightweight designed for ease of travel and a single person tool free assembly and can be as large or small as required.

FlexiLight is easy to carry and very compact. This, allied with tool-less assembly, means the system can be set up quickly.

Add more panels and create a display that can bend and flex to suit your venue.

You can re-use and reconfigure it over and over again, saving you both time and money.

Ideal for any venue...

- ✔ Flex the display to almost any shape
- ✔ All graphic panels are the same size and can be frame mounted or used as a flexi-link
- ✔ Lightweight, compact and portable
- ✔ Easy to assemble
- ✔ Carry case converts to a counter
- ✔ Upgrade carry tube to a wheeled case with counter top for **£100.00**
- ✔ Bright LED flood lights to illuminate your stand **£27.50** each

"Thanks again for all of your help with the production of the stand. It is so nice to find a supplier who offers truly great customer care. It is a lot rarer than people think." Neil - Bespoke Commercial Cleaning

The lightweight solution of the **FlexiCurve**. Designed for ease of travel and single person tool free assembly.

"The stand worked really well, it did everything we thought it would. Went up really nice and easily - looks great, TV and media player worked well, nice quick breakdown, couldn't fault it, it did everything as promised. We really appreciated your service - not often have a company been so responsive and provided such good customer service, our MD was impressed and asked if the graphics was 'one sheet' as he couldn't see the joins. Thanks again for your excellent service!"

MAHLE
Powertrain

The knowledge driving advanced powertrains

Applying our expertise to achieve optimum vehicle energy efficiency

- Advanced gasoline technologies
- Electrification projects
- Powertrain systems integration
- Vehicle emissions optimisation

www.mahle-powertrain.com

"I just wanted to show you our stand which we took with us to the Future Powertrain Conference this week. We are really pleased with it, it looked really good. It certainly got people's attention. Many thanks for all your help in getting this stand delivered in time for our tight deadline."

CubeLock | robust, adaptable and very easy to build

The **CubeLock** is a reconfigurable stand building system that assembles with a simple tool free 'twist 2 Lock' action. The visual impact of the **CubeLock** system is that of a custom build stand appearance. It is a robust design to hang large screens, shelving units, storage areas and arches, yet is also highly portable.

"Parkes worked seamlessly with J M Posner to achieve this stand with a very tight budget and timeline and delivered everything on time despite extreme weather and snow to contend with."

CubeLock features

- ✔ Can be used with screens, shelving and product displays
- ✔ Durable aluminium reconfigurable structure
- ✔ Easy to assemble - No tools required
- ✔ Renewable fabric, foamex or rollable graphics
- ✔ Available to loan or buy

Twist2Lock, it's that simple...

The key components consist of an aluminium beam and a connector which join together with a brilliantly simple, **Twist2Lock**' action.

How We Work

Ring us with your request

Putting your name into your clients hand is a great way to promote your company. Send us a sketch and we will transform it into a presentation and put together a quote. Then when you have confirmed your promotional items, we make your designs reality... You can get your designer to create the artwork or you're welcome to use our design team.

And with every request...

We will send you a tasty Toblerone, simply call 01767 603930 and quote **'TOBTreat20'**

**NEW FOR
2020**

EXPO HIRE

FULL DESIGN, INSTALL, DISMANTLE SERVICE

All branded for you, ask for more details....

"Just an email to let you know we were very pleased with our stand and it was so much more professional and striking than what we have had in the past, compliments from competitors too!"

Reuseable display systems for expos, events and trade shows

How We Work

Send Us a Sketch!

We'll transform your sketch into a presentation and put together a quote. Then when you have confirmed the project... We will provide graphic sizes for your designer or you're welcome to use our design team.

- ✔ Full design & planning service - simply send us a sketch and we'll transform it into a visual.
- ✔ Self-Building? We'll design it using a Tool Free System that is simple to build and compact to transport & store.
- ✔ Rental, install & storage service available, simply tell us what you need.
- ✔ We can even deliver all your other items such as promotional gifts, brochures and furniture.
- ✔ Complete service - We can assist with the planning, CDM, Health & Safety and Logistical details.
