Great company to work with! Daniel contacted me as we were exhibiting at the FIT Show, NEC Birmingham and he left me with a great first time impression, Brian then came out to do a demonstration of their FlexiCurve and it really fit in well with our vision for our first exhibition stand. Sarah was then in touch and handled a lot of the communication and changes with the design team which was very helpful. The communication and prompt response was excellent and the overall look of the stand was very impressive. Thank you for all of your help!

"We selected Parkes Display and Expo to build the stand for us at the Sales Innovation Expo and I've got to say that the work that they've done is amazing. Everybody who is walking around the stand is looking at it.

The graphics are excellent, we have a coffee machine here, we have good lighting and I think we really stand out from the crowd. Together with the stand and our bold t-shirts, I think we have captured the whole crowd. We have had visitors all day today and yesterday, so I can truly recommend Parkes Display and Expo for building the stand and we are going to go to them again next year, so definitely recommend it.
