Great company to work with! Daniel contacted me as we were exhibiting at the FIT Show, NEC Birmingham and he left me with a great first time impression, Brian then came out to do a demonstration of their FlexiCurve and it really fit in well with our vision for our first exhibition stand. Sarah was then in touch and handled a lot of the communication and changes with the design team which was very helpful. The communication and prompt response was excellent and the overall look of the stand was very impressive. Thank you for all of your help!

"We selected Parkes Display and Expo to provide the stand for us at the Sales Innovation Expo and I've got to say that the work that they've done is amazing. Everybody who is walking around the stand is looking at it.

The graphics are excellent, we have a coffee machine here, we have good lighting and I think we really stand out from the crowd. Together with the stand and our bold t-shirts, I think we have captured the whole crowd. We have had visitors all day today and yesterday, so I can truly recommend Parkes Display and Expo for building the stand and we are going to go to them again next year, so definitely recommend it.

*"I wanted to add how impressed we were with the professionalism of your team and the care showed when constructing our stand. The stand looked great. Thank you for all your help!" - Daniel, Millbarn Packaging*

*"It is a delight working with Parkes as they assist throughout the exhibition process with ease. They have been extremely informative from the outset of creating our stand, through to continuing to provide support for each exhibition we attend. Without a doubt, we have no hesitation recommending Parkes to any company looking for a polite and professional service! The warehouse team have mentioned that the exhibition stuff arrived with us last week, so thanks for arranging that to come back". - Kelly, Tinware*

# FlexiLight

The **FlexiLight** is a visually impacting bendable display system... Its lightweight, designed for ease of travel and a single person tool free assembly and can be as large or small as required.

**FlexiLight** is easy to carry and very compact. This, allied with tool-less assembly, means the system can be set up quickly.

Add more panels and create a display that can bend and flex to suit your venue.

You can re-use and reconfigure it over and over again, saving you both time and money.

## Ideal for any venue...

- ✓ Flex the display to almost any shape
- ✓ All graphic panels are the same size and can be frame mounted or used as a flexi-link
- ✓ Lightweight, compact and portable
- ✓ Easy to assemble
- ✓ Carry case converts to a counter
- ✓ Upgrade carry tube to a wheeled case with counter top for **£100.00**
- ✓ Bright LED flood lights to illuminate your stand **£35.00** each

*"Thanks again for all of your help with the production of the stand. It is so nice to find a supplier who offers truly great customer care. It is a lot rarer than people think." Neil – Bespoke Commercial Cleaning*

"The stand worked really well, it did everything we thought it would. Went up really nice and easily - looks great, TV and media player worked well, nice quick breakdown, couldn't fault it, it did everything as promised. We really appreciated your service - not often have a company been so responsive and provided such good customer service, our MD was impressed and asked if the graphics was 'one sheet' as he couldn't see the joins. Thanks again for your excellent service!"

# Mahle

# CubeLock | robust, adaptable and very easy to build

The **CubeLock** is a reconfigurable stand building system that assembles with a simple tool free 'twist 2 Lock' action. The visual impact of the **CubeLock** system is that of a custom build stand appearance. It is a robust design to hang large screens, shelving units, storage areas and arches, yet is also highly portable.

## CubeLock features

- ✓ Can be used with screens, shelving and product displays
- ✓ Durable aluminium reconfigurable structure
- ✓ Easy to assemble - No tools required
- ✓ Renewable fabric, foamex or rollable graphics
- ✓ Available to loan or buy

**Twist2Lock**, it's that simple...

*"Parkes worked seamlessly with J M Posner to achieve this stand with a very tight budget and timeline and delivered everything on time despite extreme weather and snow to contend with."*

The key components consist of an aluminium beam and a connector which join together with a brilliantly simple, **Twist2Lock**' action.
